Subject: Draft PREPs White Paper

I have enclosed a finalized draft of the sample white paper on the case for potential regulation of PREPs by a particular market (in this example- Germany).

This draft reflects comments from our team as well as by PMI R&D.

I would appreciate any thoughts/comments each of you may have by this Friday. Thanks in advance for your assistance and I look forward to seeing you both in Miami.

Regards,

PMI PREP White
Paper Final Dra...
